INTERACTIVE

VENDING MACHINE

Powered b

INTERACT

The shopper connects to a virtual promoter for more info on the products.

PLAY

The shopper plays fun interactive games.

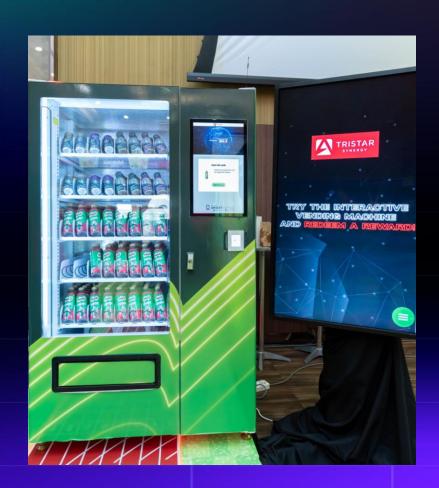

WATCH

The shopper watches branded videos.

REDEEM

After completing each activity, the shopper can redeem a reward directly from the vending machine.

SENSORIAL

EXPERIENCE

TOUCH

The shopper interacts with the display by lifting up the funnel. They can also browse the products on display.

SMELL

The funnel allows shoppers to smell the fragrance of the variant.

SIGHT

The lifting of the funnel triggers light panels to change and reflect the chosen variant while the LED strips & screen plays content to promote product benefits.

SOUND

Audio or music also plays when the funnel is lifted.
